## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on January 21, 2005 has been entered.

Applicant amends claims 1, 3, 4, 8, 11.

### ***Allowable Subject Matter***

2. Claims 1-14 are allowed.
3. The following is an Examiner's Statement of Reasons for Allowance: Claims 1-14 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches an image processor for printing comprising an image data supply means for reading expanded image data from an expanded image memory thereby converting the read data to expanded image data in second color space if the read data is expanded image data in the first color space and not converting the read data if the read data is expanded image data in the second color space, wherein the image data supply means is controlled so as to be synchronized with a print engine for printing the expanded image in the second color space.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. \*\*\*
